

Regarding the Sale of Aluminum Ware Sets

We sold Saturday in less than three hours our entire first allotment of these Sets and could have sold nearly thirty-five more if we had them.

Our second allotment is now coming by freight and we will take orders for delivery in about a week or ten days at this same price, \$6.98 per set.

We cannot take more than thirty-five orders, for that is all we can contract for at this price.

It is by all means the greatest special offering of high-grade kitchen ware ever put out anywhere.

We are keeping one set to show. Come in and examine this great value and enter your order. The regular retail price is \$11.65. Sold complete, \$6.98, 98c at time of purchase, 50c per week for twelve weeks.

Buy Your Baby a New Carriage

We have tiny go-carts that can be folded up and carried — go-baskets that can be wheeled about or carried on the arm easily — big, roomy carriages, American or English design — all moderately priced.

No parent could view the beautiful display of Carriages and Go-Carts we are showing without being strongly tempted to own one.

The only place in town where Hoosier Cabinets are sold.

Leslie Smith left the city last night for New Haven, Conn., where he has secured employment in an ammunition factory.

Howard M. Miles, who has been visiting his father, David M. Miles of West street, returned last night to Burlington.

R. E. Booth, who has been purchasing produce in Barre and nearby towns, returned last night to his home in Essex Junction.

Ladies' and misses' Easter suits and coats received this date by express. Latest New York designs in conservative models. All colors and sizes, from \$13.50 to \$25. Also a few young men's and boys'. Sadler's, 10 Keith avenue.

Constable George L. Morris is recovering from the effects of an operation on the nose to which he submitted Sunday afternoon. The operation for the removal of a piece of bone, was performed by Dr. E. G. Sprague.

George Verner paid the costs of prosecution in city court yesterday and had a \$15 fine suspended after he had signed the total abstinence pledge. Daniel K. McLeay, an East Corinth farm laborer, went to the county jail in the afternoon for 63 days after failing to pay a \$15 fine and costs.

E. J. H. Trask, president of the Bay State Artesian Well Co., who has been passing a few days in Woodville, N. H., and vicinity on business, arrived in the city last night to be present at a well test which took place at the Morrison farm this afternoon. While in the city Mr. Trask is staying at Hotel Buzzell.

Bail of \$1,000 was furnished by Mr. and Mrs. Jose Sanicarpiano, charged with selling liquor illegally, late yesterday afternoon and man and wife were given their liberty. Bonds for the pair, each of whom was held for \$500, were submitted to Magistrate H. W. Scott and approved before the couple left the police station and returned to their home in Ahera place. A hearing in the cases has been set for Thursday morning at 9 o'clock before Magistrate Scott. A jury will be empaneled Wednesday afternoon if it develops that the respondents desire a jury.

Mrs. Susan Youngson, her daughter, Miss Susan Youngson, and two sons, Alexander and Orville Youngson, left the city this morning for New York, where they are to reside. Alexander Youngson recently resigned his position as draughtsman at the plant of Jones Bros. and goes to New York to take a position with an architectural firm. His departure from the city means that the Barre Evening Drawing school is to be deprived of his services as an instructor, his resignation from the faculty having been received at a recent meeting of the school committee.

To-night the city council sits at city hall for its fortnightly session and while there are few matters of absorbing interest in prospect, it is possible that a division of opinion on a question of depositing the \$75,000 sinking fund will lead to a diverting stalemate as existed last week at the close of a protracted session. There are those of the councilors who contend that the sinking fund was disposed of last Tuesday, while others, it is reported, are ready to rescind the motion adopted at the close of the recent meeting and submit the question to debate again. As it is rumored that the static engineers from Boston, who put the city's fire lighting system to the acid test a few weeks since, are to descend upon Barre again around May 1, it is probable that the report of the aldermanic committee of the whole on protection needs in Bathefield's meadow and Willey street will be deferred.

Among the visitors in the city yesterday and to-day were the following people: J. M. McLaughlin of Richmond, J. Cappel of Boston, H. M. Spindle of St. Johnsbury, H. H. Brooks of Walpole, N. H., Miss Esther M. Lilly of Fair Haven, R. B. Grabfelder of Louisville, Ky., J. M. Carroll and C. G. Clewly of Burlington, E. P. Conkly of New Haven, Conn., Dr. H. N. Jackson, Thomas G. Gaul and T. R. Waterman of Burlington, R. C. Burbank of Attleboro, Mass., C. H. Noble of Burlington, W. F. Manning of Plainfield, N. J., C. N. Calderwood of St. Johnsbury, E. J. H. Trask of Warner, N. H., Miss Kate Mulvaney of Lowell, Mass., C. R. Grandfield of Fayston and J. J. Rannels of Manchester, N. H.

GRANITE MANUFACTURERS.

Mr. F. M. Scantlebury, representing the Phoenix Machine Co., Inc. of New York City, has arrived in town for the week. He is here to supervise the installation of the New Scantlebury Process of letter-cutting in about 10 of the large granite concerns in this city. Mr. Scantlebury may be found at his headquarters, Hotel Barre, every evening from 7 to 9. He will be glad to answer all questions relating to this new process and will furthermore be glad to meet any of the Barre manufacturers in this vicinity who contemplate installing this process during the coming year.—adv.

What Has the Moon to Do With Easter?

A good many people look at the moon who do not know that it is indirectly responsible for the greatest annual style parade known in the history of any nation—THE FIFTH AVENUE EASTER PARADE IN NEW YORK.

What has the moon got to do with it? Just this: Unlike Christmas and Fourth of July, or any other holiday except Thanksgiving, Easter is a variable date; it maybe as early as March 21, or as late as April 25; but Easter is always the first Sunday after the full moon which happens on or after March 21.

So on March 21, if it isn't a Sunday, or any day thereafter when you see a full moon in the sky, remember that the next Sunday will be Easter, and that FIFTH AVENUE, NEW YORK, will look like a large greenhouse on parade.

There is no time when people everywhere so spontaneously appear in new, up-to-date attire as at Easter. Will you be in this parade?

Only Four Days to Easter

Can we be of any help to you in getting your materials or ready-made articles together ready for your Easter wardrobe? If you feel we can, just phone us or come in, and we will do all we can to help you decide or get you anything you may want.

The Season's Suits or Coats

Nearly every lady wants her new spring Suit or Coat ready for Easter, especially if it is pleasant. We are expecting next Sunday to be clear and pleasant. The rain we are having will help to settle and dry up the mud, so that everyone will want to appear in their new spring attire. We are now showing an unusually large display of Suits and Coats that are the best in style and design. We can show you a quality of materials that are the season's best. New models arriving every day now. You should make your choice as early as possible.

New Easter Silk Waists

We are now showing a large line of the new things in Silk Waists, in both Silk and Cotton Voiles. We have a large assortment of the popular Wash Silk Waists in Colored Stripes and Plain White. These are selling at the season's popular prices.

In the better Waists, such as Taffeta, Crepe de Chine and Georgette Crepe, we have some unusually good values. Have just received a line of these Waists in the large sizes. Waists in these qualities come in White, Maize, Pink, Blue and Black and White, and in a large variety of the popular style models.

Collars, Hose and Gloves

We have a large showing of the latest things in Muslin and Lace Collars and other neck trimmings. Gloves, too, we have ready in all the season's different qualities and colors. Silk Hose in colors and Black and White, and in the best qualities of the season. Make your selection early.

Ladies' Easter Hats

The Millinery Department is a very busy place these days, and we are showing an unusually large line of Ready-Made Hat models. The new spring models are unusually attractive, and the prices very reasonable. We are receiving by nearly every express a few new Hat models of unusual worth. You should make your selection early, in order to have it for Easter.

Children's Easter Hats

This is a department that has had a mushroom growth. We are showing one of the largest assortments of Children's and Misses' Hats to be found in the city. Our most popular line is "The Lids for Kids." These are shown in a large variety of the season's most up-to-date styles and at prices that are popular with all.

Mrs. David Welsh of the East Barre road has been confined to the house for several weeks with a severe attack of pneumonia. She is now improved in health sufficiently to be about the house every day.

A number of people here in the city, farmers from outlying towns and others, planned to journey to west kill this afternoon to witness the first public test of the 152-foot artesian well sunk by the Barre State Artesian Well Co. of Warner, N. H., and Woodville, N. H., on a prominence west of the Morrison farm. Officials of the company are expected to be present along with Manager C. A. Neveu and others. John G. Morrison of Cambridge, Mass., was unable to attend the demonstration, but there is little doubt that the remarkable well will be giving forth its copious supply of cold water when Mr. Morrison arrives on the scene early in the summer. It was planned to begin pumping at 1 o'clock to-day. Engineers anticipated a record of steady water flow that would exceed the quantity pumped from the well on the occasion of the initial test last Thursday.
